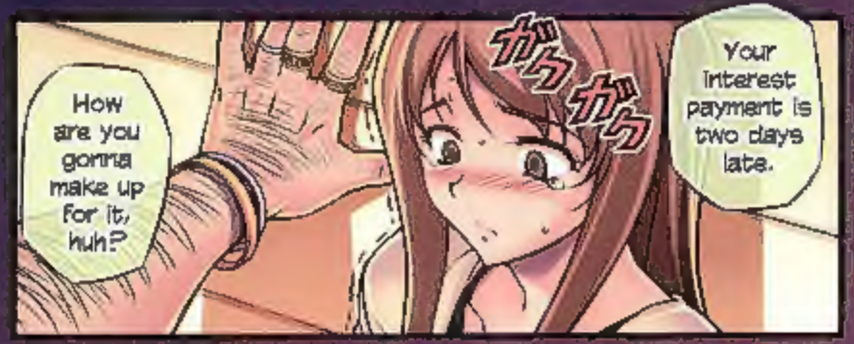
原作 林達永（イム ダリョン）　作画 李秀顯（イ スヒョン）

Hey- Pretty Kashiwa-gi-san
Why are you so silent when we've come to visit you?



ガクガク
Your interest payment is two days late.
How are you gonna make up for it, huh?

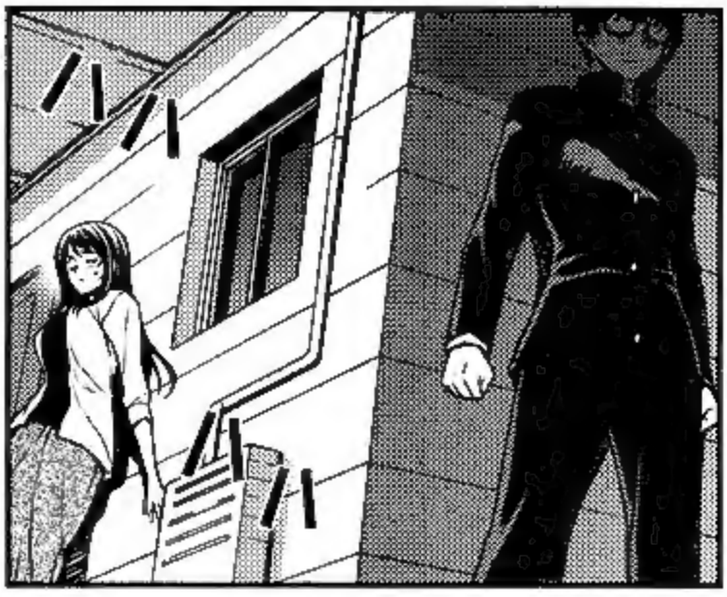
O-one week...
Please give me one more week...

...
Fine, we're not bad like those bastards who kill people and set things on fire.
I heard you're taking care of your little brother after your parents died, right?

フッ

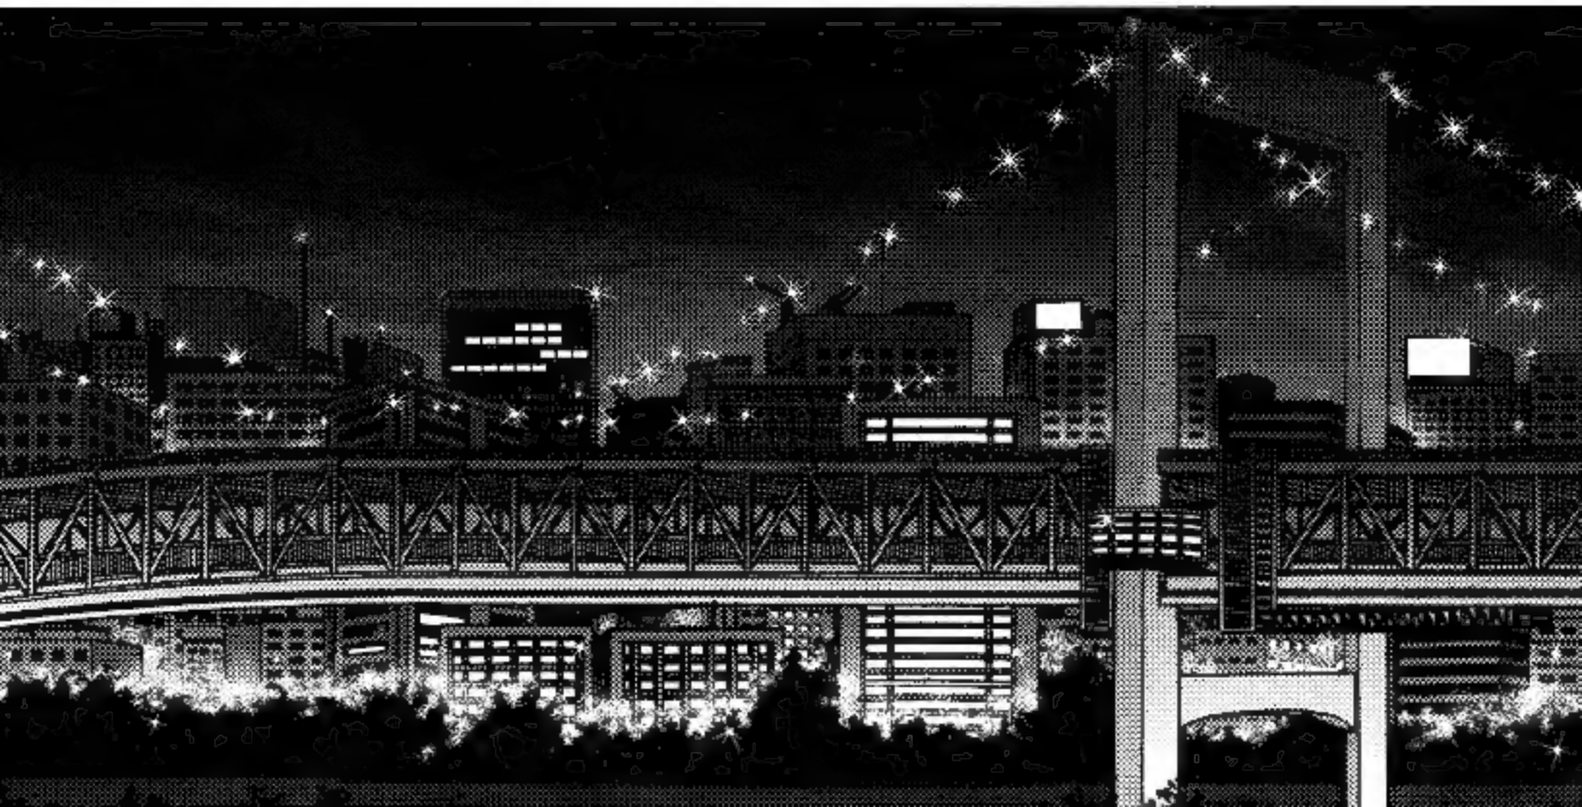
If you could just wait one more week...
I'll definitely be able to repay you...

So to pay his medical bills you gotta borrow money from people like us.
And your brother was born with a weak heart...
Such a touching story.
Most people wouldn't go that far, would they? Even for family, nobody takes risks like that.
But here's the thing. This is how we make a living.
And we all gotta pay the bills, right?
JUST ONE WEEK!
ビク
I'M NOT GONNA WAIT LONGER THAN THAT!
And if you ain't got my money by then...
We'll just hafta find some other way you can pay me back...



Onee-san...
グ ゾ ン

Then I'll see you in a week!
But I kinda hope you can't come up with the money!



Ep 7

I had no idea ooo
Onee-san actually went to borrow from loan sharks...

All I do... is cause trouble...

For such a useless brother, onee-san borrowed from loan sharks...
Haha... Kashiwagi Setsuna... all I do is cause trouble...

I'm sup-posed to be a man. Not only can I not protect my family...
The girls in my class just see me as a play-thing.

I can't let Onee-san throw her life away for someone like me!

I shouldn't ...

I should just die...!!

You want to take your own life?

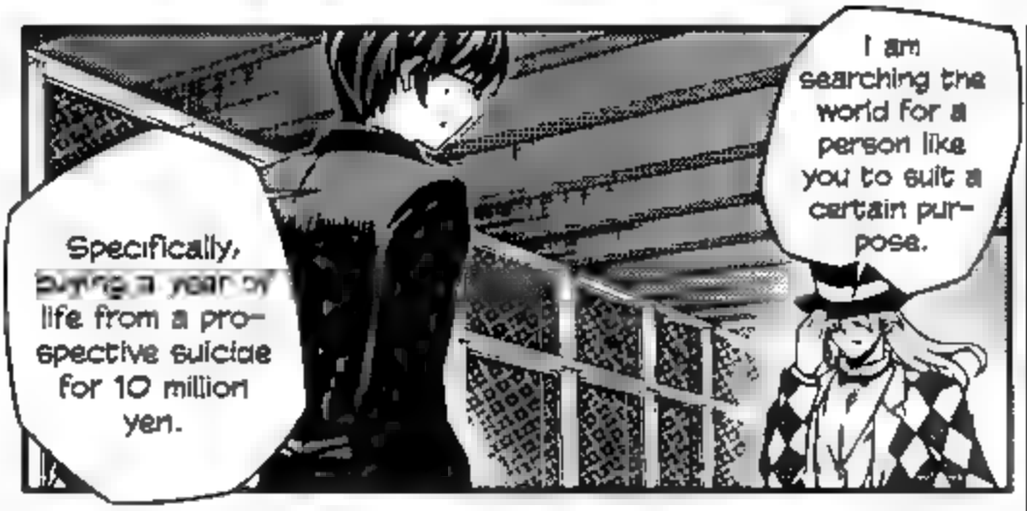
Then it will be better.

トン

If my death can take some burdens off my sister's shoulders...

Nice to meet you, Kashiwagi Setsuna-san.
I am the Middleman.
So why does he know my name...?
This is the first time I've met him
There's no need to be shocked.
Are you planning to take your life right now?
ヒュ
カ
ニコ
スッ

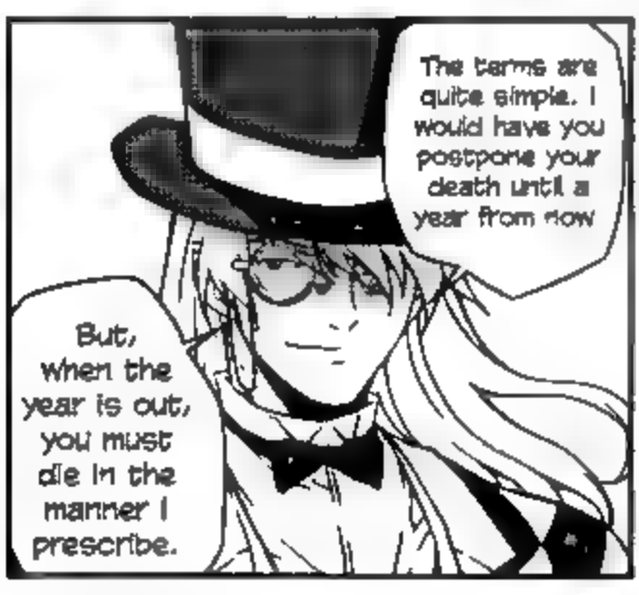
Since you've given up on your life, why don't you sell it to me?
For ten million yen...!



I am searching the world for a person like you to suit a certain purpose.
Specifically, buying a year of life from a prospective suicide for 10 million yen.

TEN
TEN MILLION YEN...!?

Also, the people buying your life will live with you for a year.



The terms are quite simple. I would have you postpone your death until a year from now
But, when the year is out, you must die in the manner I prescribe.

If you can agree to these conditions,
the ten million yen is yours.
Of course.
After a year, that is also possible.
But haven't you already decided to die?
WHAT KIND OF CRAP ARE YOU SAYING...!?
DO YOU INTEND TO SELL MY ORGANS!?
You...
At least leave her 10 million yen when you go.
ドキッ
Onee-san...
Regardless, you've already given up on your life. Why are you treasuring it only now?
If you died, wouldn't your sister be left behind with nothing but sorrow and debt?

That's all it takes to ensure your willing death as well as...
フッ
Ten million yen.
ぬっ
…!?
That's all it takes.
This is called the "Barrikou".
It is proof of the contract... Please drink it.
So what will you do,
ガク
ガク
Kashiwagi Setsuna-san?

What will you do...
Kashiwagi
A dream...?
ドキ

AAAAAAAAA!!!

KYAAAAAAAAAA

Huh?

HOW DID YOU GET IN!?

You bolted the door, right?

W-WHO ARE YOU PEOPLE?!

Starting now, you'll become our precious food.

ｸｽ

Well, whatever As a favor to you, I'll introduce us.

That bastard Middleman

left out the introductions again.

ｽｯ

We are the sisters of the Oni Clan.
I am the elder sister, "White Princess" Kanna.
And this is my sister, "Black Princess" Rena.

O-Oni
Can ..?
The people buying your ·e
will live with you for a year
So it wasn't a dream
So you people are
The people who bought my life
The ones Middle-man men-tioned
The people who bought me for a year !
Kanna and Rena ..?

If that's the case, then please tell me. After a year, what will...
become of me?
?

To be more accurate, your heart will be eaten.

You'll be eaten.
WHAT ...!?

ドクン
heart...?

My...

We of the Oni Clan...
different from humans.
We grow stronger by eating the hearts of humans.
And the heart of a human who has aged a year since drinking the Banrikou is the mark of the clan's successor
In other words, whoever eats that heart will become the head of our clan.
And so, we sisters will protect you for a year
Protect
Me
Once you drank the Banrikou, your heart started exuding a wonderful scent that can draw demons from thousands of miles away.
And whoever is able to protect you and then eat your heart will become the successor.

And so, in a year, one of us will eat your heart.
That is the "contract".
After a year... I will be dead...
It really wasn't a dream...

my life will mean something...
At least in death

!?

WH-WHAT ARE YOU DOING!?
DIDN'T YOU SAY YOU'LL ONLY EAT ME AFTER A YEAR...!?

Who's better?
Huh?
...
Who do you prefer?
I asked, between the two of us,
THIS IS WHAT DECIDES WHICH OF US WILL EAT YOUR HEART AFTER A YEAR...
THERE ISN'T ANYTHING MORE IMPORTANT THAN THIS!
Tha-That is
I-is that so.
OF COURSE IT'S IMPORTANT!!
Is that really important...?

From now on, any demon who smells the Banrikou fragrance produced by your heart will come and attack you.
At that time, you can summon one of us to protect you.

When the year is out,
The one you summoned the most times will be the one who eats your heart.
Also, you can't just randomly summon one of us.
There are rules.
That's right. Eating your heart isn't first come, first serve.
...
Only that person can be summoned.
It will be the person that comes in your mind the strongest the instant you're threatened.

END

Setsuna, burdened by a heart disease, had lost all hope and decided to finally end his life.

However, when he went to the Rainbow Bridge to commit suicide, he met the most incomprehensible man...

Calling himself the "Middleman", this mysterious figure...

offered Setsuna ten million yen in exchange for the right to Setsuna's life.

As proof of that contract, Kashiwagi drank a mysterious potion called the "Sanrikou"

After the contract was made, two of the Oni clan, Kanna and Rena, appeared before him.

For the sake of eating the precious heart that would mature one year after drinking the Sanrikou, the two swore to protect Setsuna.

Tch! I'm pissed about Rena getting ahead, but I'll let you off easy this time... Just what kind of guy was he?

That time with Armaggon this time too... they weren't real people at first.

But suddenly you turned to reality and attacked me...

Will the battles end?

Cause the people around me to go crazy...?

the strength of the Ultimate Form...?

They will become an absolute existence that controls the clan and has the power to lead it.

The oni who eats the completely-matured Banrikou heart will obtain these powers that took hundreds of years to create and gain the "Ultimate Form".

But let's say the one who consumes the Banrikou heart is *not* of the royal

In other words, your heart is the source of the

The seeds of that desire are found in each and every human heart, and that's what drives

is granted by the collected efforts and powers put into the Barrikou.

That's right. Your ability to think of and then summon one of us

Let go of me

And, in the end, the winner will eat your heart, attain the Ultimate Form, and rule the clan.

Now, Rena and I are competing fair and square for a chance at the Barrikou heart - your heart.

In order for these lesser, non-oni demons to act in the human world directly, they require the bodies of humans overcome by dark desires.

Dark desires...!

And the lesser demons that want to eat the Barrikou heart and gain the powers of the royal family are too many to count.

Originally, the only ones permitted to obtain the Barrikou heart were those of the royal family, but I'm sure there are plenty of oni now who want a chance at it.

All those bastards will be attracted by the fragrance your heart emits and target you.

But not all oni will be like us and follow the rules.

...!

It isn't *entirely* your fault.

In other words, the two who attacked you are idiots who succumbed to their desires.

The lesser demons wait for these desires to reach their peak and then attack.

They steal body and soul – and that's how they make a human puppet bent on taking the Sanrikou heart.

Suspicion, envy, anger, hate. the negative emotions that rock the human heart. These are what create dark desires.

And that's why Kanna and Rena are with me, right. . to protect me from those sorts of demons and oni...

That's right.

So that in the end

one of *us* can devour your heart..!

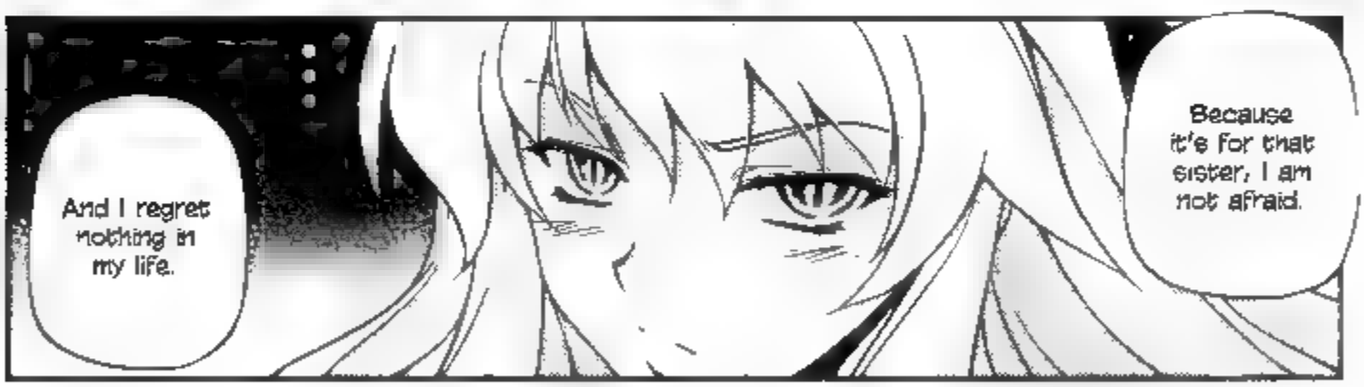
You. .
Aren't you scared, Setsuna?
Every day and every hour that passes
brings your death that much closer.
In a way, that's a much more terrible suffering than just dying
Kana-san
?...
Aren't you worried?
These days, my heart doesn't hurt

I was born with a heart problem, and any little thing would cause an attack and need surgery. and those costs caused my sister a lot of suffering.
But lately... it's been running so smoothly, and I feel fine right here.
Without it, I probably wouldn't have lived this long.
That's right it's because of this heart that was
made for Kanna-san and Rena-san
Because it isn't a normal heart anymore. It's the Banrikou heart.
Until the reckoning day, your heart is stronger than anyone else's in the world.
I have a congenital heart defect
My whole life I've had to deal with tachycardia...
and I was told that there was a 50% chance that the ventricles or atria in my heart would fail and I would die before the age of 20

Even now my sister is saving money for a heart transplant that I know won't come in time...
For my sake,
But my sister still became my parent and raised me,
covering the huge medical fees all by herself

everything.
All for me.
she forsakes college, her own skills,



And I regret nothing in my life.
Because it's for that sister, I am not afraid.

Especially considering how you summoned me and Rena both at the same time.
But . your heart is a bit different than normal, huh. . I guess that must be true.
...

A life without regret, huh...
Well, I guess that's good too.
Even if it's for a short time, finding the complete value to it is a wonderful thing.

Everything that occurs between you and us is because of the Sannou heart.
but you can only summon a single person with that heart.
I've never heard of summoning two or at the same time.
Both at the same time. What's special about that?
For better or for worse you or your heart is..
somehow different from all the rest.

N-No..
It's not like
that at all!

Aren't you going to serve me some tea?
It's just an apartment that I'm renting with my pocket money, all right?
You're in the way, so sit down somewhere.
Then this house is..?

How can I defeat those oni!?
I didn't invite you all the way to my house because I wanted to, so hurry up and tell me what you want.

IT'S JUST THAT THOSE WOMEN ARE TOTALLY PISSING ME OFF! THAT'S WHY!
Under-stood.
D-Don't get me wrong! I don't want you misunderstanding me so I'm going to say this up front but I'm not helping you because I'm worried about Setsuna or any-thing like that okay?!

The two oni, Karura and Rera, are sisters
And if they join forces and attack, even I am helpless against them. But,

Well then,
I don't care if it's a plan or a plot— just tell me how.

For us to be victorious, I need one of them to be out of the equation.

With the power of this orb, I can create a powerful capturing force field.
The "[illegible]" A magic item that contains the possions of over a hundred oni
The oni caught in the force field has their powers and possions stripped away, turning them into a normal human.
When one is trapped within the force field, this will cause its spell to be released
